

Advanced Super-Vision Groups for Human Resources Executives

Leadership Dialogue International is offering for the first time Super-Vision groups for HR VPs and HRDs of multinational organisations in Cairo.

The group process invites you along with like-minded HR executives from selected organizations to step-change your best practice, to become more emergent and fluid for better fit for the ever-changing complexity of Egypt. You will get the opportunity to listen, share your experience and knowledge with in-depth mirroring and facilitation of Business Psychologist Suzan Stub.

The focus will be to evolve your practice and emerge a personal development journey with yourself as well as the group to enhance self-growth.

The work will oscillate between sharing own case experience and challenges with a Super-Vision focus in navigating complexity and with the introduction and dissecting of relevant and pressing topics within your organisations at any given time.

Within the Super-Vision groups, the participants will be invited to think and reflect on the presented cases from a systems perspective taking to expand action logic capacities and capabilities.

Takeaways:

- *Emerging different learning and specific takeaways for each group*
- *Building capabilities as executives working and navigating human systems*
- *Step-changing personal vertical development*
- *Creating an interface between human and operational objectives*
- *Enhancing the capacity to act into the inherit dilemmas of the strategic HR function*
- *Sharing of best practices and proven successful HR interventions*
- *Fostering resilience and vitality in organizations*
